

Quote with confidence. Send when ready.

A guided sales workflow that captures the need, builds the quote, and clears every guardrail before customer delivery.

Zero-blocking

Move with what you know. Come back when details sharpen.

Always editable

Completed steps stay open — including steps 1–4 after pricing.

Guardrails built in

Approval, tax, margin, and readiness checks protect the send.

Customer-facing last

Internal draft until the package is truly ready.

What changes for the rep?

Branch selected early

Manual · Voice · AI · Trade photo

Why this machine confirmed

Owner approval before send

Document + follow-up logged
