05 VOICE + IMAGERY

How the brand sounds and how the brand should look.

VOICE + MESSAGING

VOICE TRAITS

- Knowledgeable
- Straightforward
- Dependable
- Relationship-Driven

MESSAGING RULES

- Say what the equipment does.
- Emphasize uptime, parts, service, and support.
- Speak with confidence, not hype.
- Keep claims practical and credible.
- Sound like people who know the work.

SAMPLE MESSAGING

"Built for real work. Backed by real support."

"Parts. Service. Support."

"Work-ready equipment for crews that need dependable performance."

"From the woods to the yard, we help keep your operation moving."

IMAGERY DIRECTION

Real Equipment in Action
Show machines working in the field.

Forestry + Land-Clearing
Stay true to the environments we serve.

Authentic Operators
Use real people and real work settings.

Parts + Service Details
Highlight support, service, and machinery detail.

Avoid Generic Stock
Do not use bland, unrelated stock imagery.

Avoid Unrealistic Scenes
Keep it rugged, credible, and work-ready.

Show capability, durability, and uptime.

Setting a New Standard in Heavy Equipment. It's in the Name.

03 LOGO SYSTEM

How the logo should appear across all applications.

PRIMARY LOGO

Quality
Equipment & Parts INC.

HORIZONTAL USE

Quality
Equipment & Parts INC.

ICON / MARK

APPROVED BACKGROUNDS

Black

White

Charcoal

Photo with dark overlay

CLEAR SPACE

Maintain clear space equal to the height of the small orange gear around the full logo.

MINIMUM SIZE

Print: 1.5 in wide minimum

Digital: 160 px wide minimum

USAGE PRINCIPLE

Use the logo boldly, cleanly, and with strong contrast. Preserve legibility and the industrial character of the mark.

DO NOT

- ✕ Do not stretch
- ✕ Do not rotate
- ✕ Do not recolor
- ✕ Do not place on busy backgrounds without contrast
- ✕ Do not crop the full logo in standard brand use
