Invoice History Listing

The **Invoice History** listing screen allows you to search for and view an invoice history in the billing history. The amount and kind of invoice history displayed is determined by the retention months specified in the **Retention History** configuration, with a maximum retention period of 99 months.

Data Source: INVHH, INVHD

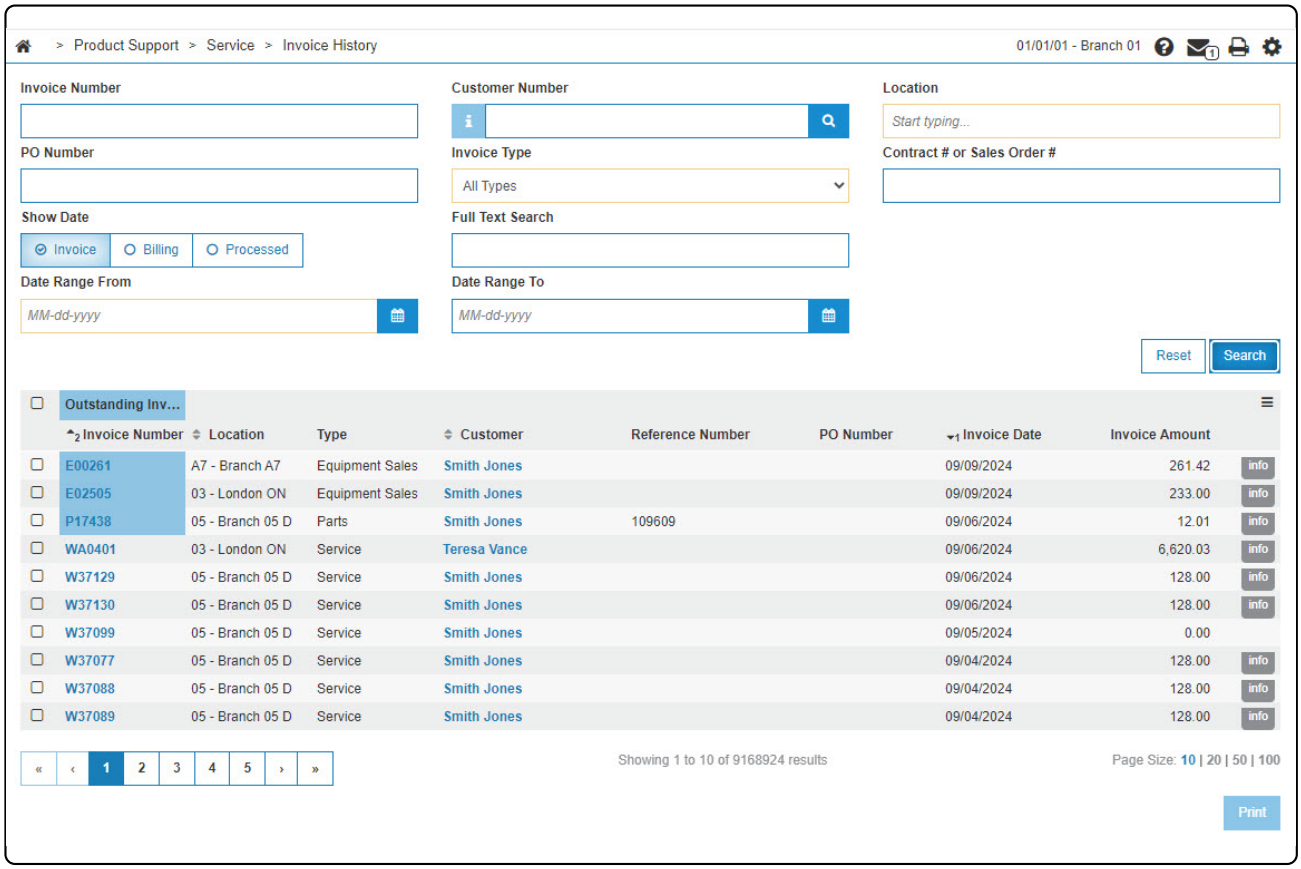
Security Switch: 600 Accounts Receivable - Access Invoice History

Revision: 2025.09

You can access the **Invoice History** screen from these locations:

- **Financial Management > Accounts Receivable > Invoice History**
- **Product Support > Equipment > Invoice History**
- **Product Support > Service > Invoice History**
- **Product Support > Parts > Invoice History**
- **Product Support > Rental > Invoice History**

Invoice History screen



Searching Invoice History

- If you enter an **Invoice Number**, executing a search also scans Integrated Rental Details for a matching invoiceNumber using a starts-with search.
- If you enter a **Contract Number**, executing a search also scans:
  - Invoice History table for string constant $GB + contractNumber
  - Integrated Rental Details table for matching contractNumber using a starts-with search
- If you enter your search into the **Full Text Search**, executing a search also scans Invoice History Details for matching lineDetails

Screen Description

The fields you can searched on the **Invoice History** listing screen are:

Field	Description
Invoice Number	Search for history by entering an invoice number. If the invoice is outstanding the invoice number field is highlighted.
PO Number	Search for history by entering a purchase order number.
Show Date	Search for history by selecting a date type: • Invoice Date—date the invoice was printed • Billing Date—date keyed in during the billing run that processed this invoice • Processed Date—actual date of the billing run
Date Range From/To	Narrow the history search by selecting a specific date range. **Note:** The date range field is ignored if anything is entered in the **Invoice Number**, **PO Number**, **Contract #** or **Sales Order #** selection fields.
Customer Number	Search for history by entering a customer number.
Invoice Type	Search for history by selecting an invoice type from the drop down list.
Full Text Search	Search for an invoice by entering any string of data that might be stored in the corresponding **INVHD** file. For example, you may enter the customer number, name, stock number, a specific PO

	number, or any specific data that is captured on the invoice can be searched for.
Location	Search for history by entering the branch the invoice was billed in.
Contract # or Sales Order #	Search for history by entering a contract or sales order number.

The fields on the **Invoice History** listing screen are:

Field	Description
Invoice Number	The invoice number or system reference number. The first digit of an invoice indicates the system from which the invoice was generated, as specified in the General Invoice First Digit . The **Invoice 1st Digits** are configured by location and can include special characters, any number from 0-9 and any letter from A-Z, except for Q, L and R which are reserved for sales order invoice values.
Location	The location where the invoice was processed.
Type	The invoice type.
Customer Name	The customer's name.
Reference Number	The invoice reference number.
PO Number	The purchase order number.
Invoice Date	The date the transaction was invoiced.
Invoice Amount	The total charge for all billable items on the invoice.

	This amount includes the Final Customer Charge (FC), Final Warranty Charge (FW), and Final Internal Charge (FI), if they are applicable. If these additional charges are present a 'Info' tool tip appears next to the invoice amount that breaks out each charge as they are added to the invoice amount.

Select the checkbox next to the desired **Invoice Number**(s) to choose it for printing or e-mailing.

Click on an **Invoice Number** to preview the invoice details.

Did you find this helpful? *Yes No*
